Rose Mazursky gave a report on the food for the card party & contributions. Additional donation of $5.00 making a total of $67.00. Al Greenberg suggested to the club & urged the members to consider:- Following the outcome of the party we should refrain from running any open affairs for raising funds, & that fund for all organizational purposes be realized from a larger rate of dues of $8 to $10 per year per adult. The treasury run b.y. Eve parties, theatres & picnics. This entire idea was formulated since we organized to keep the family together both literally & socially & did not constitute raising funds. If we would rather give charity as a unit, instead of as individuals then each member who so desires should give his contribution to the treasurer who in turn will give the combined amount to the organization designated to receive the charity.
